### SEVEN NIGHTS, TWO ITINERARIES:

- **BROTHERS/DAEDALUS/ELPHINSTONE ITINERARY**  
Surrounded by open ocean, chances of spotting big fish such as rays, sharks, and other predators are very high around the islands. Grey reef sharks, thresher sharks, and hammerhead schools are residents. One night dive is offered on this itinerary, and early dawn dives are offered each morning before breakfast.
- **ST. JOHN'S REEF/DAEDALUS/DANGEROUS REEF ITINERARY**  
Sites like Sha'ab Claudia offer extensive reefs, coral gardens, and tunnels. Dolphin Reef at Sataya offers a coral lagoon where divers can snorkel with resident spinner dolphin pods. There are great sheltered bays for night diving. Swift currents at Rocky Island/Zabargad attract year-round pelagic visitors like reef sharks, hammerheads, dolphins, manta rays and turtles.  
  
After a full week of scuba diving, the Red Sea Aggressor III® returns to Port Ghalib Friday afternoon. Friday evening after the sunset cocktail party, guests may go ashore and enjoy one of many local restaurants. Check-out is Saturday morning.
