

Juliet

JANUARY 7 - 14, 2021

Sail through St. Croix on The Juliet with Mermet Springs!

St. Croix is a hidden gem in the Caribbean. Part of the US Virgin Islands, but worlds apart from the usual. 35 miles south of St. Thomas, St. John and BVI's, it is the largest of the USVI's and also the most dramatic. At 84 miles square and highest elevation at Mount Eagle of 1,165ft, St Croix boasts beautiful beaches, rain forests, salt marshes, desert, and plains.

Every winter, Juliet heads to St. Croix to explore this unique, friendly, and enchanting island – both above and below the water. We'll be exploring the wrecks and reefs of Butler Bay, the walls off Cane Bay, and the reefs and slopes of the northern shores of the island around the Salt River and Christainsted.
